

V. First Data's 2005 Capitulation

149. Then, in a March 15, 2005 letter, First Data announced that the unreliable surveys would be discontinued. Reviewing its past practices with respect to establishing AWP, First Data restated that it had conducted surveys to establish AWP:

March 15, 2005

Re: First DataBank's Blue Book AWP Data

Dear Customer:

It is our pleasure to serve you as a customer of First DataBank. We are writing to make you aware of upcoming changes to First DataBank's National Drug Data File Plus™ database, or NDDF Plus™, that may impact your use of our products.

In order to publish various drug pricing data fields available through its NDDF Plus database and related products, ***First DataBank has historically relied on drug manufacturers and wholesalers to report or otherwise make available information concerning their list price for drugs.*** Unfortunately, First DataBank is no longer able to obtain information relating to list prices directly from wholesalers in a manner that is consistent with First DataBank's editorial standards and policies. In fact, it is our understanding that some wholesalers often do not use catalog or list prices as a basis for determining actual transaction prices. As a result, First DataBank must implement certain changes to its publication of the "Blue Book AWP" pricing data field. Effective immediately, First DataBank will no longer survey drug wholesalers for information relating to their catalog or list prices.

First DataBank historically relied upon wholesalers to provide information relating to their catalog or list prices for purposes of publishing the Blue Book AWP data field. ***First DataBank periodically surveyed full-line national wholesalers to determine the average markup applied to a manufacturer's line of products. The average markup of the wholesalers responding to the survey was applied against the Wholesale Acquisition Cost (the manufacturer's list price to wholesalers, also commonly referred to as WAC) or, if a Wholesale Acquisition Cost was not available, the Direct Price (the manufacturer's list price to non-wholesalers), with the resulting value populating the Blue Book AWP field. In certain instances, wholesalers would accept a manufacturer's suggested wholesale price, in which case the Blue Book AWP and***

Suggested Wholesale Price data fields would reflect the same value. [Emphasis added.]

V. CLASS ACTION ALLEGATIONS FOR THE AWP PAYOR SCHEME

150. Plaintiffs bring this action pursuant to Rule 23(a) and (b)(2) and (b)(3) of the Federal Rules of Civil Procedure, on behalf of themselves and the Class comprised of:

AWP McKesson/First Data Class:

All third party payors whose pharmaceutical payments for the Subject Drugs were based on AWP during the Class Period. The Subject Drugs are all drugs identified in Exhibit A and consist of brand-name drugs only.³²

Excluded from the Class are: (a) each defendant and any entity in which any defendant has a controlling interest, and their legal representatives, officers, directors, assignees and successors; (b) any co-conspirators; and (c) any governmental entities who purchased such drugs during the Class Period.

151. The Class Period is August 1, 2001 to March 15, 2005, when First Data disclosed that it had stopped surveying wholesalers.³³

152. The exact identity of the drugs covered by this lawsuit is capable of being discovered from the records of First Data and the PBMs identified above. Based on an investigation of First Data's databases, the list of such drugs is attached as Exhibit A.³⁴

153. The Class consists of in excess of ten thousand entities throughout the United States, making individual joinder impractical, in satisfaction of Rule 23(a)(1). The disposition of the claims of the Class Members in a single class action will provide substantial benefits to all parties and to the Court.

³² Plaintiffs reserve the right to modify the Class Definition based on class related discovery and/or merits discovery.

³³ The exact dates for the Class Period may be refined based upon discovery.

³⁴ This list may change upon production of information by First Data.

154. The claims of the representative plaintiffs are typical of the claims of the Class, as required by Rule 23(a)(3), in that the representative plaintiffs include entities who, like all Class Members, purchased drugs whose prices were inflated by the 5% price increase. Such representative plaintiffs, like all Class Members, have been damaged by defendants' misconduct because, among other things, they paid prices for these drugs that were higher than they would have been but for defendants' improper actions.

155. The Class representatives for the Class are all of the plaintiffs.

156. The factual and legal bases of each defendant's misconduct are common to the Class Members and represent a common thread of fraud and other misconduct resulting in injury to plaintiffs and members of the Class.

157. There are many questions of law and fact common to plaintiffs and the Class, and those questions predominate over any questions that may affect individual Class Members, within the meaning of and fulfilling Rules 23(a)(2) and 23(b)(2) and (3). Common questions of law and fact include, but are not limited to, the following:

- a. Whether AWP's published by First Data are used as a contractual benchmark for payments by third-party payors for drugs;
- b. Whether defendants engaged in a course of conduct that improperly inflated the WAC-to-AWP markup and the ultimate AWP's used by plaintiffs and Class Members as the basis for reimbursement;
- c. Whether defendants agreed to artificially inflate the published AWP's for the drugs that are the subject of this complaint;
- d. Whether defendants engaged in a pattern and practice that caused plaintiffs and Class Members to make inflated payments for the AWP's;

- e. Whether defendants engaged in a pattern of deceptive and/or fraudulent activity intended to defraud plaintiffs and the Class Members;
- f. Whether defendants formed enterprises for the purpose of carrying out the 5% Scheme;
- g. Whether defendants used the U.S. mails and interstate wire facilities to carry out the 5% Scheme;
- h. Whether defendants' conduct violated RICO and various California statutes and common law;
- i. Whether defendants are liable to plaintiffs and the Class Members for damages for conduct actionable under the various state consumer protection statutes.

158. Plaintiffs will fairly and adequately represent and protect the interests of the Class, as required by Rule 23(a)(4). Plaintiffs have retained counsel with substantial experience in prosecuting nationwide consumer class actions. Plaintiffs and their counsel are committed to vigorously prosecuting this action on behalf of the Class, and have the financial resources to do so. Neither plaintiffs nor their counsel have any interest adverse to those of the Class.

159. Plaintiffs and members of the Class have all suffered, and will continue to suffer, harm and damages as a result of defendants' unlawful and wrongful conduct. A class action is superior to other available methods for the fair and efficient adjudication of this controversy under Rule 23(b)(3). Absent a class action, most members of the Class likely would find the cost of litigating their claims to be prohibitive, and will have no effective remedy at law. The class treatment of common questions of law and fact is also superior to multiple individual actions or piecemeal litigation in that it conserves the resources of the Courts and the litigants, and promotes consistency and efficiency of adjudication. Additionally, defendants have acted and

failed to act on grounds generally applicable to plaintiffs and the Class and require Court imposition of uniform relief to ensure compatible standards of conduct toward the Class, thereby making appropriate equitable relief to the Class as a whole within the meaning of Rules 23(b)(1) and (b)(2).

160. The (b)2 relief, sought by the Class, would include:

(a) The submission to Class counsel of a complete electronic copy of the National Drug Database File (the so-called “NDDF”), along with an electronic report showing (i) all markup factor changes for the preceding one-half (1/2) year, and (ii) all changes in a difference greater than 0.5 basis points of the difference between any reported wholesale net price in the NDDF (the so-called field named “WHN,” more customarily referred to as the WAC or wholesale acquisition cost) and the stated Blue Book Average Wholesale Price (or so-called “BBAWP”);

(b) Submission to Class counsel full and complete report of any and all editorial changes for the NDDF that effect, directly and/or indirectly, the publication material in any of the price fields of the NDDF;

(c) A rollback in the NDDF of the markup factor for all drug code formulations (“NDCs”) set forth in Exhibit A from the current markup basis (typically 1.25) back to a markup factor of 1.20, and thereby make corresponding adjustments to the BBAWP field;

(d) A cease and desist of all conduct that causes a non-economically justified increase in the spread, e.g., a markup done for the sole purpose of providing profits to McKesson’s retail clients.

COUNT I

Violations of 18 U.S.C. § 1962(C)

161. Plaintiffs, on behalf of themselves and all others similarly situated, reallege and incorporate herein by reference each of the allegations contained in the preceding paragraphs of this Complaint.

162. This Count, which alleges violations of Section 1962(c) of RICO, 18 U.S.C. § 1962(c), is asserted against the defendants on behalf of the Class.

163. Plaintiffs, the members of Class, and the defendants are each “persons,” as that term is defined in 18 U.S.C. § 1961(3).

164. At all relevant times, in violation of 18 U.S.C. § 1962(c), the defendants conducted the affairs of certain association-in-fact enterprises identified herein, the affairs of which affected interstate commerce through a pattern of racketeering activity.

The McKesson-First Data Enterprise

165. For purposes of this claim, certain RICO “enterprises” are associations-in-fact consisting of (a) First Data and (b) McKesson, including its directors, employees and agents. These associations-in-fact are sometimes collectively referred to herein as the “McKesson – First Data Enterprise.” The Enterprise is an ongoing and continuing business organization consisting of both corporations and individuals that are and have been associated for the common or shared purposes of (a) publishing or otherwise disseminating pharmaceutical price information, which all too often includes disseminating false and misleading AWP; (b) implementing the 5% Spread Scheme; (c) deriving increased profits from the activities of the Enterprise; and (d) perpetuating use of AWP as a benchmark for reimbursement in the pharmaceutical industry. First Data and McKesson each has a common purpose of perpetuating the use of AWP as a

benchmark for reimbursement in the pharmaceutical industry and a common purpose in inflating the AWP by 5%.

166. The Enterprise has a systemic linkage because there are contractual relationships, financial ties, and continuing coordination of activities between McKesson and First Data. There is a common communication network by which McKesson and First Data shared and continue to share information on a regular basis. Typically this communication occurred and continues to occur, by use of the wires and mails in which McKesson and First Data will discuss and agree on an AWP. McKesson and First Data functioned as a continuing unit for the purposes of implementing the 5% Scheme, and when issues arose during the Scheme each agreed to take actions to hide the Scheme and to continue its existence.

167. At all relevant times, First Data was aware of McKesson's conduct, was a knowing and willing participant in that conduct, and reaped profits from that conduct. First Data was aware that the published AWP were inflated by the 5% Scheme. This awareness comes from the following sources: First, at some point prior to 1992, First Data in some instances obtained markups from wholesalers, which made First Data aware that the reported AWP were not accurate even absent the 5% Scheme. Second, as various congressional bodies and government agencies reported on AWP inflation, First Data did not change or challenge manufacturers regarding the self-reported WAC and AWP, or the markups that First Data used. Third, First Data stopped even the limited surveys other wholesalers and simply accepted the 5% Scheme, when it knew there was no basis for this bump and actually received letters from certain manufacturers stating that the 5% increase in AWP was not justified. McKesson and First Data initiated the 5% Scheme in 2001-2002 and continued the Scheme in force in 2003-2004 where

additional 5% increases were instituted. Fourth, McKesson and First Data regularly discussed the Scheme in wires, e-mails and in telephone conversations.

168. [REDACTED]

[REDACTED]

[REDACTED]

MCKAWP 0069553.

169. The Scheme evolved to such an extent that McKesson would send to FDB, via e-mails, a “screen print” that would indicate the “WAC, markup and suggested sell price,” always showing a 25% markup.

170. The impacts of the Scheme are still in place, *i.e.*, the increased spreads are still being maintained. As described earlier, for sales to non-cash paying customers, pharmacies are reimbursed by health plans and other pharmacy benefit providers based on AWP. Consequently, pharmacies make a profit on their spread between AWP and the actual acquisition cost for the drug. Under this system, a higher WAC-to-AWP spread results in increased profits to pharmacies. Thus, McKesson and First Data could help deliver greater profits to pharmacies by conspiring to increase AWPs.

171. This was acknowledged in McKesson’s internal mails, where McKesson’s executives discussed the positive impact of “normalizing” on McKesson’s customers:

[REDACTED]

[REDACTED]

[REDACTED]

[REDACTED]

[REDACTED]

172. Nonetheless McKesson also realized that it could ““ [REDACTED] ” by informing its customers that it was “ [REDACTED] ”

[REDACTED]”³⁵ McKesson appreciated that if it failed to inform its customers that it was behind all these changes “[REDACTED]

[REDACTED] b36 As one McKesson executive put it: "[REDACTED]"

[REDACTED],³⁷ And so it began:

38

* * * * *

39

* * * * *

40

173. A field agent reports: "[REDACTED]"

██████████⁴¹ Bob James realized that the goodwill McKesson established with the pharmacies as a result of inflating AWP's would give it a substantial edge over its competition:

³⁵ MCKAWP 0065895.

³⁶ MCKAWP 0065895.

³⁷ MCKAWP 0069732.

³⁸ MCKAWP 0069817.

³⁹ MCKAWP 0069901.

⁴⁰ MCKAWP 0069911.

⁴¹ MCKAWP 0069732.

[REDACTED]

174. Bob James proposed disclosing McKesson's efforts to customer Omnicare who purportedly was looking for an extra-contractual year-end bonus in the neighborhood of \$500,000:

[REDACTED]

Bob James also noted with pleasure that Kay Morgan spoke "[REDACTED]

[REDACTED] Other customers were also appreciative, for example an unnamed customer from Ohio, who called McKesson "[REDACTED]

[REDACTED]

[REDACTED]

[REDACTED]⁴⁵ Med-X Corp.'s Director of Operations, Jerry Howard reviewed the numbers, put two and two together⁴⁶ and "[REDACTED]

[REDACTED]⁴⁷

⁴² MCKAWP 0065895.

⁴³ MCKAWP 0065895 (emphasis, ellipses in original).

⁴⁴ MCKAWP 0069669.

⁴⁵ MCKAWP 0069513.

⁴⁶ MCKAWP 0069732.

⁴⁷ MCKAWP 0069726.

175. The foregoing evidences that First Data and McKesson each was a willing participant in the enterprise; had a common purpose and interest in the establishment and operations of the Scheme; and their agreement to a structure wherein First Data and McKesson agreed on how the operation of the Enterprise would be conducted, *i.e.*, through McKesson's transmission of increased markups and First Data's publication of those markups. This structure was the basis in which the enterprise operated.

The Defendants' Use of the U.S. Mails and Interstate Wire Facilities

176. The Enterprise engaged in and affected interstate commerce because it engaged in the following activities across state boundaries: The transmission and publication of false and misleading information concerning AWP's.

177. During the Class Period, the defendants' illegal conduct and wrongful practices were carried out by an array of employees, working across state boundaries, who necessarily relied upon frequent transfers of documents and information, products and funds by the U.S. mails and interstate wire facilities.

178. The nature and pervasiveness of the Scheme, which was orchestrated out of the corporate headquarters of each defendant, necessarily required those headquarters to communicate directly and frequently by the U.S. mails and by interstate wire facilities.

179. Many of the precise dates of defendants' uses of the U.S. mails and interstate wire facilities (and corresponding RICO predicate acts of mail and wire fraud) have been hidden and cannot be alleged without access to these defendants' books and records. Indeed, an essential part of the successful operation of the Scheme alleged herein depended upon secrecy. However, plaintiffs can generally describe the occasions on which the RICO predicate acts of mail fraud

and wire fraud occurred, and how those acts were in furtherance of the Scheme; plaintiffs describe this below.

180. The defendants' use of the U.S. mails and interstate wire facilities to perpetrate the 5% Scheme involved thousands of communications throughout the Class Period including, *inter alia*:

(a) Marketing materials about First Data's services, which First Data, sent to health care providers located across the country;

(b) Written representations and telephone calls between McKesson and First Data regarding markups and AWP's, which occurred on a regular basis each year;

(c) Hundreds of e-mails between McKesson and First Data agreeing to or effectuating the implementation of the Scheme said e-mails, included but are not limited to, those identified earlier in this Complaint;

(d) Written and oral communications directed to U.S. Government agencies and private insurers that fraudulently misrepresented what the AWP's were, or that were intended to deter investigations into the true nature of the AWP's or to forestall changes to reimbursement based on something other than AWP's;

(e) Receipts of increased profits sent through the U.S. mails and interstate wire facilities – the wrongful proceeds of the Scheme; and

(f) In addition to the above-referenced RICO predicate acts, it was foreseeable to each defendant that First Data would distribute publications containing false AWP's through the U.S. mails and by interstate wire facilities. Further, each defendant has, in furtherance of the Scheme, communicated through use of the U.S. mails

and by interstate wire facilities with their various local headquarters or divisions. These uses of the U.S. mails include some of the documents referenced in this Complaint.

Conduct of the RICO Enterprises' Affairs

181. During the Class Period, the defendants have exerted control over the Enterprise and, in violation of Section 1962(c) of RICO, the defendants have conducted or participated in the conduct of the affairs of those RICO enterprises, directly or indirectly, in the following ways:

(a) Each of the defendants had a degree of control concerning the WAC-to-AWP spread and each had AWP's that First Data reported;

(b) First Data has directly controlled the creation and distribution of marketing, sales, and other materials used to inform members of the Class as to the value of its services;

(c) McKesson intended that First Data would (and did) distribute their publications containing false AWP's through the U.S. mails and by interstate wire facilities; and

(d) First Data has allowed McKesson to exert control over its organization knowing that the AWP's were inflated as a result of the 5% Scheme and were not real numbers. McKesson controlled First Data by virtue of its ability to cause an increase in the WAC-AWP markup. First Data did so because the reporting of AWP's was, and is, a major part of its business, and McKesson was integral to First Data's AWP reporting and to increasing First Data's profits for the reasons set forth herein.

182. The Enterprise had a hierarchical decision-making structure headed by McKesson. McKesson issued instructions on how the WAC-to-AWP spread was to be reported and each Publisher accepted those instructions despite knowing of their falsity.

183. In violation of Section 1962(c) of RICO, each defendant conducted the affairs of the Enterprise with which it associated by establishing a phony extra 5% WAC-to-AWP spread that First Data then published and disseminated nationwide.

The Defendants' Pattern of Racketeering Activity

184. Each of the defendants conducted and participated in the affairs of the above-referenced Enterprises through a pattern of racketeering activity, including acts that are indictable under 18 U.S.C. § 1341, relating to mail fraud, and 18 U.S.C. § 1343, relating to wire fraud. The defendants' pattern of racketeering likely involved thousands of separate instances of use of the U.S. mails or interstate wire facilities in furtherance of their Scheme. Each of these fraudulent mailings and interstate wire transmissions constitutes a "racketeering activity" within the meaning of 18 U.S.C. § 1961(1)(B). Collectively, these violations constitute a "pattern of racketeering activity," within the meaning of 18 U.S.C. § 1961(5), in which the defendants intended to defraud plaintiffs, members of the Class and other intended victims.

185. McKesson and First Data calculated and intentionally crafted the Scheme to ensure that plaintiffs and members of the Class would be over-billed for the drugs. In designing and implementing the 5% Scheme, at all times the defendants were cognizant of the fact that those in the distribution chain who are not part of the industry rely on the integrity of the pharmaceutical companies, wholesalers and Publishers in setting the AWP, as reported by the Publishers.

186. By intentionally and artificially inflating the AWP by virtue of the increase in the WAC-to-AWP spread, and by subsequently failing to disclose such practices to the individual patients, health plans and their insurers, the defendants engaged in a fraudulent and unlawful course of conduct constituting a pattern of racketeering activity.

187. The defendants' racketeering activities amounted to a common course of conduct, with similar pattern and purpose, intended to deceive plaintiffs and members of the Class. Each separate use of the U.S. mails and/or interstate wire facilities employed by the defendants was related, had similar intended purposes, involved similar participants and methods of execution, and had the same results affecting the same victims, including plaintiffs and members of the Class. Each of the defendants has engaged in the pattern of racketeering activity for the purpose of conducting the ongoing business affairs of its particular Manufacturer-Publisher Enterprise.

Damages Caused by the Defendants' Five Percent Spread Scheme

188. The defendants' violations of federal law and their pattern of racketeering activity have directly and proximately caused plaintiffs and members of the Class to be injured in their business or property because plaintiffs and members of the Class have paid many hundreds of millions of dollars in inflated reimbursements or other payments for drugs whose AWP was artificially raised as described herein.

189. The defendants sent AWP information through the U.S. mails or by interstate wire facilities and reported AWP's and other information by the same methods in furtherance of their 5% Scheme. Plaintiffs and members of the Class have made inflated payments for drugs based on and/or in reliance on reported and false AWP's.

190. Under the provisions of Section 1964(c) of RICO, the defendants are jointly and severally liable to plaintiffs and members of the Class for three times the damages that plaintiffs and the Class Members have sustained, plus the costs of bringing this suit, including reasonable attorneys' fees.

APPLICABLE LAW FOR COUNTS II-VI

191. Counts II – VI set forth below are asserted under the law of California.

192. California's consumer protection laws are among the strongest in the country.” *Wershba v. Apple Computer*, 91 Cal. App. 4th 224, 242 (6th Dist. 2001). To the extent that other states offer the same protection to consumers as the state of California, there is no real conflict and California law should apply. To the extent that other states provide less protections, the Court should also take into consideration California's avowed interest in policing the conduct of its own residents for injuries they cause to residents and non-residents alike “to ensure that the flow of out-of-state capital necessary to the growth of California business will continue.” *Diamond Multimedia Sys. v. Superior Court*, 19 Cal. 4th 1036, 1063-64 (1999). In similar circumstances California courts have found it appropriate to certify a national class based on California state law claims where the misconduct occurred in the State of California. *Norwest Mortgage, Inc. v. Superior Court*, 72 Cal. App. 4th 214, 224-25 (4th Dist. 1999) (“[S]tate statutory remedies may be invoked by out-of-state parties when they are harmed by wrongful conduct occurring in California.”); *Clothesrigger, Inc. v. GTE Corp.*, 191 Cal. App. 3d 605, 618 (4th Dist. 1987) (reversing a trial court's denial of a motion to apply California consumer protection to a national class, reasoning that “[u]nder certain facts California may have an important interest in applying its law [to non-residents] to punish and deter the alleged wrongful conduct.”).

COUNT II

Untrue and Misleading Advertising (Business and Professions Code § 17500, *et seq.*)

193. The preceding paragraphs of this Complaint are realleged and incorporated by reference. Plaintiffs assert this claim on behalf of themselves and the members of the Class.

194. Bus. & Prof. Code § 17500 provides that “[i]t is unlawful for any ... corporation ... with intent ... to dispose of ... personal property ... to induce the public to enter into any

obligation relating thereto, to make or disseminate or cause to be made or disseminated before the public in this state, ... any statement ... which is untrue or misleading, and which is known, or which by the exercise of reasonable care should be known, to be untrue or misleading”

195. First Data made a series of representations as to the meaning of AWP and how it was derived, all of which were false. McKesson was aware of those representations. Both First Data and McKesson proceeded to implement a false advertising scheme designed to induce payors to pay based on the inflated amount.

196. Pursuant to Bus. & Prof. Code § 17535, plaintiffs and members of the Class are entitled to the remedies set forth below.

COUNT III

Violations of Unfair Competition Law (Business and Professions Code § 17200, *et seq.*)

197. Plaintiffs, on behalf of themselves and all others similarly situated, reallege and incorporate herein by reference each of the allegations contained in the preceding paragraphs of this Complaint.

198. Defendants are incorporated, or maintain their principal places of business, in California. California courts have ruled that California statutes apply on a nationwide basis to the conduct of California corporations.

199. Defendants’ actions, as complained of herein, constitute unfair and deceptive unlawful practices committed in violation of the Unfair Competition Law, Bus. & Prof. Code §§ 17200 *et seq.*

200. Defendants violated the “fraudulent” prong of § 17200, the “unfair” prong of § 17200, and the “unlawful” prong of § 17200 by engaging in the following conduct:

a. Defendants' conduct was unfair, unlawful and deceptive in that knowing of the use of AWP by payors, and despite knowledge as to representations that AWP were established in part by use of surveys, and were "reliable" and "accurate," defendants artificially raised AWP by increasing as described herein the WAC-to-AWP spread by 5% thereby allowing publication of AWP that were even more inaccurate and unreliable;

b. Defendants' conduct was unfair, unlawful and deceptive in that each defendant knew that members of the Class used AWP as a pricing mechanism and that the 5% WAC-to-AWP increase was a phony increase, *i.e.*, it did not represent any true increase in cost prices, and as such would artificially increase pharmaceutical payments by class members.

b. Defendants' conduct was unfair, unlawful and deceptive in that defendants knew that the 5% WAC-to-AWP increase was not based on any actual change in the average wholesale price, and defendants knew that the increase did not have any other legitimate cost or pricing basis and was implemented solely for defendants' own purposes;

c. Defendants' conduct was unfair, unlawful and deceptive in that they suppressed, manipulated and concealed information that would reveal the lack of any legitimate economic basis in the 5% increase in the WAC-to-AWP spread; and

d. Defendants omitted material information known to them in order to induce payors to use an inflated AWP and pay an inflated price for drugs.

201. All of the conduct alleged herein occurred in defendants' business. Defendants' wrongful conduct is part of a pattern or generalized course of conduct repeated on thousands of occasions daily.

202. Plaintiffs request that this Court enter such orders or judgments as may be necessary to restore to any person in interest any money which may have been acquired by

means of such unfair practices, as provided in Bus. & Prof. Code § 17203 and Civil Code § 3345, and for such other relief as set forth below.

COUNT IV

Violations of the Consumers Legal Remedies Act (Cal. Civ. Code § 1750, *et seq.*)

203. The preceding paragraphs of this Complaint are realleged and incorporated by reference. Plaintiffs assert this claim on behalf of themselves and the members of the Class against First Data.

204. Plaintiffs and the members of the Class are payors who are paying for consumers' purchase of goods for personal, family, or household purposes.

205. Representing that published AWP's have characteristics, uses, benefits, or qualities that they do not have, and advertising goods with intent not to sell them as advertised constitutes unfair or deceptive trade practices under the provisions of the CLRA, Civil Code § 1770 (a)(5), (7), (8), and (9).

206. Plaintiffs and the members of the Class have all been directly and proximately injured by First Data's conduct, and such injury includes payment for drugs inflated by the Scheme, which drugs plaintiffs and the members of the Class, would not have purchased at the inflated prices were they truthfully and fully informed of material facts concerning the product.

207. In accordance with Civil Code § 1780 (a), plaintiffs and members of the Class seek injunctive and equitable relief as to defendants' violations of the CLRA. Plaintiffs request that this Court enter such orders or judgments as may be necessary to restore to any person in interest any money which may have been acquired by means of such unfair business practices, and for such other relief as provided in Civil Code § 1780 and the Prayer for Relief.

COUNT V

Negligent Misrepresentation

208. The preceding paragraphs of this Complaint are realleged and incorporated by reference and asserted by plaintiffs on behalf of themselves and members of the Class.

209. During the Class Period, First Data made representations concerning its services, which were false and omitted disclosure of material facts as set forth above.

210. Each Class Member's use of the AWP's published by First Data established the Class' reliance on First Data.

211. First Data, having issued representations as to its services had a duty to be accurate and breached that duty thereby causing plaintiffs and Class Members to suffer damage.

COUNT VI

Civil Conspiracy

212. The preceding paragraphs of this Complaint are realleged and incorporated by reference and asserted by plaintiffs on behalf of themselves and members of the Class.

213. The defendants joined in a conspiracy to raise the spread between reported AWP's and WAC. Each defendant also agreed to publish or caused to be published AWP's that were inflated as a result. Each defendant also knew that by agreeing to raise and fix AWP's in this fashion, they were perpetuating the use of inflated AWP's on a nationwide basis.

214. The defendants consciously conspired and deliberately pursued a common plan or design to commit tortious acts, subjecting each to joint liability.

215. Defendants each committed unlawful act or acts in furtherance of this conspiracy, including acts violating RICO, state consumer protection laws, the common law and committed acts of mail and wire fraud. All of these acts were in furtherance of the conspiracy.

216. Plaintiffs are entitled to a presumption of reliance on the false representations, concealments and nondisclosures by the defendants. Class Members were ignorant of defendants' conduct and were ignorant of the full and true facts suppressed by them, and such reliance was justified.

217. As a direct, proximate result of this conspiracy, plaintiffs and Class Members have been injured, as they have suffered and continue to suffer economic losses and general and specific damages, all in an amount to be determined according to proof.

ALTERNATE COUNT VII

Consumer Protection Laws of Various States

218. The preceding paragraphs of this Complaint are realleged and incorporated by reference and asserted by plaintiffs on behalf of themselves and members of the Class.

219. In the event California law is not applied, defendants' actions, as complained of herein, constitute unfair competition or unfair, unconscionable, deceptive or fraudulent acts or practices in violation of various state consumer protection statutes. Plaintiffs identify the states that permit TPP claims under the consumer protection laws as set forth below.

(a) Defendants have engaged in unfair competition or unfair or deceptive acts or practices in violation of Ariz. Rev. Stat. § 44-1522, *et seq.*;

(b) Defendants have engaged in unfair competition or unfair or deceptive acts or practices in violation of Ark. Code § 4-88-101, *et seq.*, including 4-88-113(f), and 4-8-102(5);

(oo) Defendants have engaged in unfair competition or unfair or deceptive acts or practices in violation of Wyo. Stat. § 40-12-100, *et seq.*, including § 40-12-102(a)(i).

220. Plaintiffs provided notice of this litigation as required by law.

ALTERNATE COUNT VIII

Civil Conspiracy

221. The preceding paragraphs are realleged and incorporated by reference as if fully set forth herein.

222. This Count is asserted based upon the common law of civil conspiracy in the fifty states.

VI. DEMAND FOR JUDGMENT

WHEREFORE, plaintiffs demand judgment as follows:

A. The Court determines that this action may be maintained as a class action pursuant to Rule 23(b)(2) of the Federal Rules of Civil Procedure with respect to plaintiffs' claims for declaratory, equitable and injunctive relief, and Rule 23(b)(3) of the Federal Rules of Civil Procedure with respect to the claims for damages, and declaring plaintiffs as representatives of the Class and their counsel as counsel for the Class;

B. The conduct alleged herein be declared, adjudged and decreed to be unlawful;

C. Plaintiffs and the Class be granted an award of damages in such amount to be determined at trial, with trebling under Count I;

D. Plaintiffs and the Class be granted an award of punitive damages in such amount to be determined at trial;

E. Defendants be enjoined from continuing the illegal activities alleged herein;

F. Plaintiffs and the Class recover their costs of suit, including reasonable attorneys' fees and expenses as provided by law; and

G. Plaintiffs and the Class be granted such other, further, and different relief as the nature of the case may require or as may be determined to be just, equitable, and proper by this Court.
